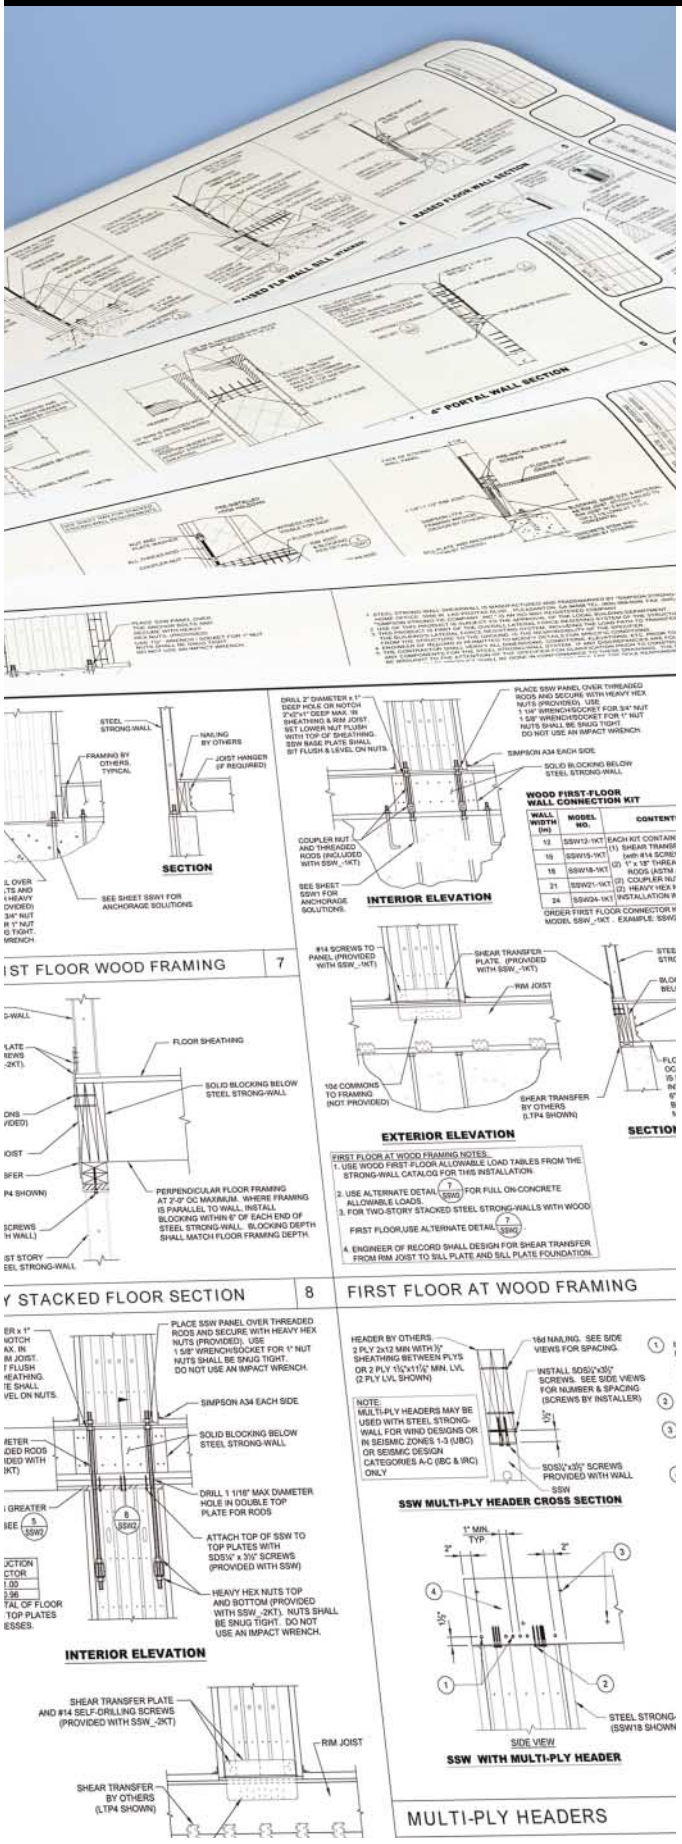
ANCHORAGE & INSTALLATION DETAILS



Simpson Strong-Tie offers complete structural details in order to make the specification and installation easier for both Steel and Wood Strong-Wall® panels. Versions of these details are available three ways:

- **Online at *www.strongtie.com*:** Full-size 24"x36" detail sheets may be downloaded at ***www.strongtie.com*** in DWG, DXF and PDF formats.
- **Call 800-999-5099:** Full-size, printed sheets may be requested from our regional branches at no charge.
- **In this catalog:** Smaller versions are shown here for easy reference. Details are numbered to coincide with full-size sheets, although some have been left out to eliminate redundancy.

IN THIS SECTION:

- **Steel Strong-Wall®**
  Anchorage and Installation Details
  Pages 52-66
  (Sheets SSW1, SSW2, SSW3 and SSW4)
